RESEARCH OBJECTIVE

Economics and Finance graduate seeking a fulltime position to deepen expertise in macroeconomics and international economics under faculty mentorship. Aims to bridge quantitative financial research with macroeconomic policy landscape, strengthen econometric modeling capabilities, and contribute meaningfully to ongoing projects.

EDUCATION

DePauw University | Indiana

Bachelor of Arts in Economics & Finance — Major GPA: 3.7/4.0

- **Awards:** Business School Investing Challenge Second Runner-up; DePauw Bloomberg Challenge Winner (Top 100 of 2,000 global teams)
- **Relevant Coursework:** Macroeconomics, International Economics, Econometrics, Corporate Finance, Financial Modeling, Monetary Policy

SKILLS & CERTIFICATIONS

- **Quantitative & Data Tools:** Microsoft Excel (Advanced), Bloomberg Terminal, Tableau, Power BI, Python
- **Econometric Methods:** Regression Analysis, Time-Series Analysis, DCF & DDM Valuation, Financial Multiples
- **Certifications:** Bloomberg Market Concepts, Bloomberg Finance Fundamentals, Bloomberg ESG; CFA Level I (in progress)
- **Languages:** Vietnamese (native), English (fluent)

RESEARCH EXPERIENCE

DePauw School of Business & Leadership

Finance Student Researcher — Advisor: Dr. Bin Qiu (Grant-Funded: \$2,600) Jun 2024 – Sep 2024

Project: U.S. Stock Market Volatility and World War II

- **Macroeconomic Analysis:** Conducted a 23-year longitudinal analysis of U.S. macroeconomic indicators—interest rates, government expenditure, tax policy, and regulatory shifts—examining their joint effect on stock market stability during wartime and postwar recovery.
- **Quantitative Modeling:** Applied regression and time-series analysis to isolate the causal impact of fiscal and monetary policy shocks on equity market volatility, producing findings relevant to understanding how macro-policy transmission affects financial markets.
- **International Relevance:** Synthesized findings on how wartime economic conditions reshape investor confidence and capital flows, providing a historical lens applicable to contemporary open-economy macroeconomic research.

PROFESSIONAL EXPERIENCE

DePauw Investment Group (DIG)

Portfolio Manager Jan 2023 – 2025

- **International Portfolio Analysis:** Managed a \$10,000 annual allocation across 17 funds—including international and emerging market funds—conducting cross-sectional performance analysis to evaluate global capital allocation efficiency and macroeconomic exposure by region and sector.
- **Financial Modeling & Forecasting:** Built 10-year financial projections across 8 GIS-defined sectors for a \$10,000 endowment fund, integrating macroeconomic scenario analysis and hedging strategy evaluation via Bloomberg Terminal and Tableau dashboards.
- **Mentorship & Research Leadership:** Supervised 50+ analysts researching 100+ companies; trained analysts in DCF, DDM, and financial multiples—building institutional capacity for rigorous, evidence-based investment research.

Loc Phat Bank (LPBank) | Ha Noi, Vietnam

Audit Intern May 2023 – May 2024

- **International Trade Finance:** Audited 50 Letter of Credit transactions (>\$3M) involving 25 foreign partner companies, ensuring compliance with international banking documentation standards and cross-border trade finance protocols.
- **Receivables & Risk Reduction:** Identified systemic gaps—unapplied cash, loan delays, policy discrepancies—reducing outstanding receivables by 30% (\$3.9M) in Q2, demonstrating applied understanding of credit risk and liquidity management.
- **Capital Assessment:** Evaluated loan viability for 100 medium-sized enterprises across 5 industry sectors using Excel-based capital budgeting; examined \$1B+ in capital and \$22M in debt projections in accordance with national banking regulations.

LEADERSHIP & COMPETITIONS

DePauw University — Team: DPU Tigers | New York, NY

Team Leader — Bloomberg Challenge 2023 (Advisor: Dr. Bin Qiu) Sep 2023 – Oct 2023

- **Global Recognition:** Led a 3-person team to a Top 100 finish among 2,000+ global competitors, achieving \$25,000 portfolio growth and \$63,000+ absolute value through disciplined sector analysis and macro-driven allocation strategy.
- **Analytical Tools:** Leveraged advanced Bloomberg Terminal functions and Excel Add-ins for real-time stock screening, risk factor analysis, and data visualization—directly applicable to empirical finance and macroeconomic research.

RESEARCH & COMMUNITY ENGAGEMENT

The Prindle Institute for Ethics | Indianapolis, IN

Lead Intern DePauw University

- **Ethics in Economics & Finance Speaker Series:** Designed and executed a guest speaker series on Ethics in Economics and Finance by identifying, recruiting, and coordinating with Economics and Finance alumni practitioners and DePauw faculty; developed discussion themes spanning corporate governance, economic policy ethics, and ESG; served as moderator for all sessions, facilitating rigorous academic dialogue between speakers and student participants.
- **Ethics Bowl — Applied Policy Research:** Supported Indiana Ethics Bowl by independently researching pressing state-level socioeconomic policy issues; sourced empirical and statistical evidence to construct fact-based arguments, demonstrating ability to translate quantitative data into structured analytical reasoning on complex real-world economic and policy questions.
